

## Come Tour Guatemala With Us!

Embark on a grand adventure, exploring deep green jungles and ancient Maya ruins. Here rulers were considered gods and were worshiped at temples on top of pyramids. But this is only half the story. Cutting-edge research has now revealed an even earlier civilization (B.C. times). Come explore an area that was a cradle of ancient American high culture with great kings who controlled vast commerce networks and used their wealth to employ masterful architects and artisans to construct exquisite palaces, cement highways, and grand cities.

But what really makes this tour special is that alongside your crash course on the Maya, you will be immersed in Book of Mormon history, stories, and geography -- considering prime candidates for Book of Mormon lands and settings, with highlights in candidate locations for the Lands of Nephi, Zarahemla & Bountiful.

## TOUR DESCRIPTION (CONT.)

➔ Switch gears from the hot jungles and head up into the towering mountains of southern Guatemala where weather is cool to the “Land of Eternal Spring” with its ancient capital Kaminaljuyu (prime candidate for the City of Nephi).

➔ The breathtaking setting at Lake Atitlan and the communities of colorful living Maya are places you will never forget. It is here, around Lake Atitlan, that the Quiche Maya believe the world was created. Explore Maya markets that provide a window to the past. The traditions practiced here are thousands of years old. Take a boat ride over sunken ruins that date to the time of Christ, destroyed as the waters “came up” and covered them (3 Ne 9:7, candidates for Mocom, Onihah, Jerusalem). Vistas of the lake and surrounding areas are some of the most beautiful in Central America. Relax, recharge, swim in the lake (Sorenson’s candidate for the Waters of Mormon), and have lunch at a hotel that has acres of flower gardens and tremendous views.

Climb La Danta, the largest functioning temple in the Americas at 34 A.D. and possibly the largest pyramid on planet earth. El Mirador (prime candidate for Bountiful) is so remote that those who venture a visit will go by helicopter.
